STUDY ABROAD IN:
AGRICULTURAL, ENVIRONMENTAL AND RESOURCE SCIENCES

Agricultural and Environmental Education · Animal Science · Animal Science and Management · Biotechnology · Entomology · Viticulture and Enology · Atmospheric Science · Fiber and Polymer Science · Food Science · Ecological Management and Restoration · Environmental Horticulture and Urban Forestry · Environmental Policy Analysis and Planning · Environmental Science and Management · Environmental Toxicology · Hydrology · Plant Sciences · Landscape Architecture · Textiles and Clothing · Sustainable Agriculture and Food Systems · Sustainable Environmental Design · Wildlife, Fish and Conservation Biology

HOW DO I BEGIN?

DEFINE YOUR ACADEMIC GOALS

While abroad, would you want to:
• fulfill major or minor credit;
• do lab research or an internship;
• master a second language;
• take GEs or something just for fun?

PLAN EARLY

• Deadlines vary by program and are 3 - 9 months in advance
• The sooner you plan, the more options you have

TALK TO YOUR MAJOR ADVISOR

Meet with your major advisor to discuss:
• What courses to take abroad
• When is best to go for your major
• What you will need to complete upon returning

TALK TO A STUDY ABROAD ADVISOR

• Study Abroad has over 400 programs. Let us help you find the perfect one!
• Contact us at 752-5763 or studyabroad@ucdavis.edu

WHY STUDY ABROAD?

⇒ Participate in community development initiatives, internships, laboratory research and coursework not available at UC Davis
⇒ Apply your studies to the international field where there is a practical need for your expertise
⇒ Enhance your career prospects, resume, or graduate school application
⇒ Expand your worldview by experiencing another culture firsthand

Picture yourself here...

You’re fulfilling your Environmental Science and Management major electives at the University of Queensland, Australia, taking fun courses not offered at UC Davis such as Outback Ecology Field Study and Emissions Trading Policy. What will you do for the upcoming break? How about go snorkeling on the Great Barrier Reef?

126 students in these majors studied abroad last year. Your turn to join them!

CAN I AFFORD IT?

Financial aid goes with you. Make an appointment with our Study Abroad Financial Aid advisor by calling 752-5763 once you choose a program.

Scholarships are available. Additional scholarships for those in STEM majors.

Sample Programs for Agricultural, Environmental and Resource Science Students

*The following programs are suggestions. Many more programs are available that are not listed here.

**UC Davis Summer Abroad** courses are 4 weeks and taught by UC Davis faculty. Students receive 8-10 units for two+ courses from the general catalogue. 12 programs in these majors. Examples include:

  Explore the complexity of Atitlan lake and watershed ecological processes and their connections to social & political realities.
- Sustainable Ecuador—From the Andes to the Amazon – NAS 120 & 198: Ethnopolitics of South American Indians & Group Study
  Examine Indigenous Amazonians’ current initiatives to confront development and resource extraction by corporations.
  Complete two quarters of the fundamental bio series while exploring enchanting Southern Ireland.
- Introduction to Winemaking – VEN 3 & 198: Introduction to Winemaking and Group Study
  Learn the basics of winemaking while visiting the breathtaking major French wine regions.

**UC Davis Quarter Abroad** courses take place during fall or spring quarter and are taught by UC Davis faculty. Students receive 13-24 units for four to six courses from the general catalogue. 3 programs in these majors. Examples include:

- Internships in Sydney (Fall) or London (Spring) – UWP or English courses with a 6-unit internship in almost any field.
  Immerse into these iconic cities for 10+ weeks while completing an internship in environmental science, animal science, food science or any other major.

**UCEAP** courses are one summer, semester or full year at world-renowned universities. All courses are UC units, but students must discuss major credit with their department. 100+ programs available in these majors. Examples include:

- New Zealand, Sustainability, Sciences & Environmental Management, Lincoln University
  Renowned for excellence in landscape architecture, animal science, agro-forestry, policy and more.
- Costa Rica, Tropical Biology and Conservation
  Intensive research of your choice in livestock, rainfall, and an area of your choice addition to tropical bio.

Australia, Marine Biology and Terrestrial Ecology, University of Queensland
Join research conducted on coral reefs, salt marshes and more at the Marine Studies Research Stations.

Barbados, University of the West Indies
Courses at the Center for Resource Management and Environmental Studies in the beautiful tropics.

Netherlands, University of Wageningen
Exclusive exchange between UC Davis and the world’s other top food science university.

MORE OPTIONS EXIST!

- Visit the **Major Advising Pages** to see programs for your major at [http://studyabroad.ucdavis.edu/academics](http://studyabroad.ucdavis.edu/academics)
- Try out the “Study Abroad Builder” advanced program search for more UCEAP programs at [http://eap.ucop.edu](http://eap.ucop.edu)
- Check out [goabroad.com](http://goabroad.com) or [studyabroad.com](http://studyabroad.com) for non-UC options and come talk to an advisor.
