STUDY ABROAD IN:
HEALTH, HUMAN, AND BIOLOGICAL SCIENCES

WHY STUDY ABROAD?

⇒ **Participate** in laboratory research, clinical rotations, and coursework not available at UC Davis
⇒ **Apply** your studies to the international field where there is a practical need for health professionals
⇒ **Enhance** your resume or health profession school application
⇒ **Prepare** for a career in a global market

HOW DO I BEGIN?

CONSIDER YOUR ACADEMIC GOALS

While abroad, would you want to:
- fulfill major or minor credit;
- gain marketable skills by doing lab research or an internship;
- improve a second language;
- take GEs, earn the Global and International Studies (GIS) minor

PLAN EARLY

- Deadlines vary by program and are 3 - 9 months in advance
- The sooner you plan, the more program (and funding) options available

TALK TO YOUR MAJOR ADVISOR

Meet with your major advisor to discuss:
- What courses to take abroad
- When is best to go for your major
- What you will need to complete upon returning

TALK TO A STUDY ABROAD ADVISOR

- Study Abroad has over 400 programs. Let us help you find the one for you!

UC Davis Pre-Health Advisors can be reached at HealthProfessionsAdvising@ucdavis.edu

STUDYABROAD.UCDAVIS.EDU · 530-752-5763 · STUDYABROAD@UCDAVIS.EDU · INTERNATIONAL CENTER STE. 1120

DID YOU KNOW?

~25% of all undergraduate majors are students in biological or health-related sciences
128 Bio & health students went abroad last year
11.3% of students that went on a UC Study Abroad Program last year are Biological Sciences or health-related students

CAN I AFFORD IT?

Financial aid goes with you. Make an appointment with our Study Abroad Financial Aid advisor by calling 530-752-5763 once you choose a program.

Scholarships are available. Additional scholarships for those in STEM majors.

Sample Programs for Health, Human, and Biological Sciences Students

UC Davis Study Abroad offers 60+ faculty-led programs. Program options: Quarter Abroad, Summer Abroad, Internships Abroad, Seminars Abroad, and new USA Study Programs. Programs range from 2-16 weeks. Students receive 2-28 units straight from the UC Davis course catalog. Examples:

Bio Sci 2A on the Emerald Isle — Summer, BIS 2A & 198
Complete two quarters of the fundamental bio series while exploring enchanting Southern Ireland.

Life Sciences in Japan — Summer, BIS 102 & 198
Explore aspects of life sciences in Japan such as active research labs, the world-famous Osaka aquarium, a yogurt fermentation factory, and much more.

Genetics—The Global Language of Biology — Summer, BIS 101 & 198
Study genetic breakthroughs in this grand European tour of genetics: Cambridge, Vienna, Stockholm, and more.

Microbiology Lab in the Kingdom of Smiles — Summer, FST 104L, 198 or MIC 102, 103L, 198
Explore tropical jungles, pristine beaches, exotic markets, and the mega-city of Bangkok while getting hands-on microbiology laboratory experience.

UK, Brewing Science — Summer, FST 3 & 198
Beer brewing is a convergence of diverse sciences (botany, plant physiology, chemistry, biochemistry, microbiology, chemical engineering, and more) in pursuit of a delightful product.

Summer Internships: Global Health & Clinical Rotations, 5 weeks, 6 units for a clinical rotation internship and community and public health exploration in developing countries and the US.
Options include:
- Bolivia, Pediatric Health in La Paz or Primary Care & Rural Medicine in Tarija
- India, Public Health & Rural/Urban Medicine
- South Africa, Healthcare Challenges in Cape Town or HIV/AIDS and Healthcare in Durban
- Philippines, Remote Island Medicine
- USA, Community Health & Native Healing in Hawaii

Quarter Abroad Latin(x) Health Internships in Oaxaca, Mexico
Chicano Studies 215, 145, 147, 192 including clinical rotations. Gain a better understanding of your career goals by studying transnational health issues and doing hospital rotations.

UC Education Abroad Program (UCEAP) is open to the entire University of California system. Our UC-approved programs offer UC credit, grades, and financial aid. There are 100+ UCEAP programs available in these majors. Examples:

UCEAP Netherlands, Psychology & Neuroscience, Maastricht University
Courses with a European perspective taught in English on a variety of subjects public health and pre-med. Classes include field trips, museum visits, and seminars on location.

UCEAP Dominican Republic, Community Public Health, Santiago
Seven-week program of Spanish language and healthcare study. Combines six weeks of in-class instruction and a health practicum with a week-long clinical rotation in a semi-rural clinic.

UCEAP Thailand, Public Health, Thammasat University
Courses and fieldwork explore the mobility and health issues of the Thai-Myanmar border.

UCEAP Botswana
Explore African perspectives on development and tradition with direct enrollment in the University of Botswana. A special track in public health includes a community practicum/internship.
