

STUDY ABROAD IN AGRICULTURAL, ENVIRONMENTAL AND RESOURCE SCIENCES

Agricultural and Environmental Education ◊ Animal Science ◊ Animal Science and Management ◊ Biotechnology ◊ Entomology ◊ Viticulture and Enology ◊ Atmospheric Science ◊ Fiber and Polymer Science ◊ Food Science ◊ Ecological Management and Restoration ◊ Environmental Horticulture and Urban Forestry ◊ Environmental Policy Analysis & Planning ◊ Environmental Science and Management ◊ Environmental Toxicology ◊ Human Ecology ◊ Hydrology ◊ Plant Sciences ◊ Landscape Architecture ◊ Textiles and Clothing ◊ Sustainable Agriculture and Food Systems ◊ Sustainable Environmental Design ◊ Wildlife, Fish and Conservation Biology

WHY STUDY ABROAD?

- ⇒ **Participate** in community development initiatives, internships, laboratory research and coursework not available at UC Davis
- ⇒ **Apply** your studies to the international field where there is a practical need for your expertise
- ⇒ **Enhance** your career prospects, resume, or graduate school application
- ⇒ **Expand** your worldview by experiencing another culture

HOW DO I BEGIN?

CONSIDER YOUR ACADEMIC GOALS

While abroad, would you want to:

- fulfill major or minor credit;
- gain marketable skills by doing lab research or an internship;
- improve a second language;
- take GEs, earn the Global and International Studies (GIS) minor.

PLAN EARLY

- Deadlines vary by program and are 3 - 9 months in advance.
- The sooner you plan, the more program (and funding) options available.

TALK TO YOUR MAJOR ADVISOR

Meet with your major advisor to discuss:

- what courses to take abroad;
- when is best to go for your major;
- what you will need to complete upon returning.

TALK TO A STUDY ABROAD ADVISOR

- Study Abroad has over 400 programs. Let us help you find the one for you!

241 students in these majors studied abroad last year.

Picture yourself here...

You're fulfilling your **Environmental Science and Management major electives** at the University of Queensland, Australia, taking fun courses not offered at UC Davis such as **Outback Ecology Field Study** and **Emissions Trading Policy**. What will you do for the upcoming break? How about go **snorkeling on the Great Barrier Reef**?

CAN I AFFORD IT?

Financial aid goes with you. Make an appointment with our Study Abroad Financial Aid advisor by calling 752-5763 once you choose a program.

Scholarships are available. Additional scholarships for those in STEM majors.

Sample Programs for Agricultural, Environmental and Resource Science Students

* The following programs are suggestions. Many more programs are available that are not listed here. Visit our website to explore all options.

UC Davis Study Abroad offers 60+ faculty-led programs. Program options: Quarter Abroad, Summer Abroad, Internships Abroad, Seminars Abroad, and USA Study Programs. Programs range from 2-16 weeks. Receive 2-28 units straight from the UC Davis course catalog. Examples:

Ag. Science and Sustainability Internships in Costa Rica – Summer, EAP 180, 198 **NEW**

Gain experience working with multiple areas of sustainable and tropical agriculture at EARTH University.

Agriculture and Veterinary Science Internships in Australia – Summer, EAP 180, 198 **NEW**

Intern in Sydney or Brisbane in a variety of areas—zookeeping, veterinary hospital, wildlife centers, equine vet centers, & more.

Bhutan—GIS in the Land of the Thunder Dragon – Summer, LDA/ABT 150, 198

Learn how to use geographic information systems (GIS) in the peaceful, culturally rich, and biodiverse country of Bhutan in the Himalayan Mountains, where progress is measured in Gross National Happiness.

Environmental Justice in Indigenous Ecuador – Summer, NAS 120, 198

A great program for many majors as you can do a creative project of your choice.

UK—Organic Chemistry (Nottingham) – Fall, CHE 128A, 128B, 128C, 129A, 198

Complete a key UC Davis organic chemistry sequence in just one quarter and explore the rich history and culture of England.

Nepal—Community, Technology, and Sustainability – Seminar, CRD 153A, 198

Experience an exciting winter break in Nepal while you work on projects related to local and regional development, sustainable agriculture, education social entrepreneurship, and more.

Europe, Sustainable Cities of Northern Europe – Summer, LDA 191 & ESP 173, or CRD 153B, 198

Learn why some European cities are way ahead of U.S. cities in sustainable development and design.

France, Introduction to Winemaking – Summer, VEN 3/199 & 198

Learn the basics of wine making while visiting many of the major French wine regions and accessing many elite wineries.

Bio Sci in Ireland programs – Summer, BIS 2A, 2B, 198, STA 100, 198

- Bio Sci 2A on the Emerald Isle
- Bio Sci 2B in Dublin **NEW**
- Bio Sci Statistics in Cork **NEW**

A unique opportunity to take these pre-requisite classes in a small group setting in charming locations.

UC Education Abroad Program (UCEAP) is open to the entire University of California system. Our UC-approved programs offer UC credit, grades, and financial aid. There are 100+ UCEAP programs available in these majors. Examples:

UCEAP Costa Rica, Tropical Biology and Conservation

Intensive research of your choice in livestock, rainfall, and an area of your choice addition to tropical bio.

UCEAP Australia, Marine Biology and Terrestrial Ecology, University of Queensland

Join research conducted on coral reefs, salt marshes and more at the Marine Studies Research Stations.

UCEAP Netherlands, Agriculture & Environmental Science, Wageningen University

Exclusive exchange between UC Davis and the world's other top food science university.

UCEAP Ghana, Summer, University of Ghana

Come spend a life-changing summer in Ghana, with classes and service engagement introducing you to this strong nation, its welcoming communities, and warm people.
