WHY STUDY ABROAD?

- ⇒ **Explore your subject area** from a different perspective
- ⇒ **Apply** your knowledge on the ground, outside of the classroom
- ⇒ **Enhance** resumes and/or applications for graduate school
- ⇒ **Participate** in research and internships not available at UC Davis

HOW DO I BEGIN?

CONSIDER YOUR ACADEMIC GOALS

While abroad, would you want to:

- fulfill major or minor credit;
- gain marketable skills by doing lab research or an internship;
- improve a second language;
- take GEs, earn the Global and International Studies (GIS) minor.

PLAN EARLY

- Deadlines vary by program and are 3 - 9 months in advance.
- The sooner you plan, the more program (and funding) options available.

STUDY ABROAD IS FOR YOU:

Almost **HALF** of all students who studied abroad last year were Social Sciences majors. Don't miss out!

"There is something to be said for proximity—a student cannot glean everything there is to know about a culture remotely, from its texts. Studying abroad presents an opportunity to be a real part of that culture, to feel its music and movements from the inside."

—Colin Brennan, UCEAP
